outdoors

**Novelties from VAUEN**  
Spring / Summer 2025

Dear pipe lovers,

There's nothing better than enjoying real **'quality time'** outdoors in a special place with your favourite pipe or a new acquisition. For me, this might be a relaxing walk on the beach with my dog Ella and my family – **a time to slow down and enjoy.**

With our new spring/summer 2025 product brochure, we invite you to discover your special moment of enjoyment **'in the great outdoors'**.

We present our **latest models** for this year's spring and summer season and suggest some inspiring **outdoor locations.**

On the occasion of the **125th anniversary** of the maiden flight of the Zeppelin, we have designed a **heavenly, limited edition** of our popular Zeppelin model. You will love **both** of the two exclusive **variants!**

You'll also be enchanted by the striking and expressive design of **this year's Pipe of the Year.** The new **Ufo** series, designed with **otherworldliness** in mind, is also a real highlight.

However, this is just a foretaste of the many **exciting new products** that we have put together for you.

Finally, we would like to recommend our **practical 'Ready to Go' outdoor bag** – the perfect accessory for your pipe and everything you need for **enjoyment on the go.**

Explore our **new products for spring/summer 2025** and discover beautiful, unforgettable moments in the great outdoors with us.

With all our best wishes,

**Martin Ramsauer**  
Managing Director

This abbreviation identifies pipes with particularly attractive grain or an elaborate manufacturing.

Our new **Pipe of the Year 2025** captures the essence of freedom and adventure, and takes inspiration from hiking in the fresh, open air.

Its characteristic shape impresses with a **pronounced bowl with a generous filling volume** and is available in six different versions: from **smooth to sandblasted, partially sandblasted** and in exquisite colours including dark green and classic black.

The **silver-coloured ring** is a special feature, which has been **elaborately hand-crafted** into the shank, creating a **sophisticated transition to the shank and mouthpiece**. A special design element that distinguishes this model.

The Pipe of the Year 2025 combines a special elegance with a variety of surfaces and colours to offer every connoisseur an individual experience. Perfect for those who **love and look for adventure – exclusive, limited edition and individually numbered**.

The Zeppelin **first took to the skies** on **2 July 1900**. To mark the **125th anniversary** of the maiden flight of the LZ 1 on Lake Constance, we present our **Zeppelin anniversary edition** in an iconic design that captures the spirit of adventure and the freedom of flying.

The classic Zeppelin pipe's dynamic shape is elaborately presented in two unique and brilliant colour variants – **a black and white braid** and **red and yellow with tapered yellow accent lines and a yellow mottled mouthpiece**.

**Only 150 of each of these fine models** were created in our manufactory, which makes this pipe **a true collector's item**. **A tribute to tradition and pioneering spirit** for real connoisseurs.

The **new Ufo** is a special smoking device with a pleasant, rounded shape that appeals at first glance. Combined with a **slim and timeless design**, it's **perfect for take-off** or a **trip for relaxing moments by the water**.

The comfortable mouthpiece is perfectly adapted to the unique shape. The Ufo's compatibility with **different activated charcoal filter sizes from 6-9 mm** is a **very special highlight** and a **real world-first**.

This **practical optionality** is made possible **in the Ufo** by a **newly developed Conex system**, which gives you a **completely new freedom** in choosing which filter size you want to use.

With a **fixed receptor for 8-9 mm filters** and an **adapter for 6-7 mm activated charcoal filters** included, the Ufo is **ideal for all common filter types** and **suitable for all types of enjoyment**. The adapter is also **compatible with our existing 9 mm filter pipe models**.

The Ufo is available in three versions made of **fine, oiled woods** – **olive, oak, and wenge** – and impresses with a **practical metal insert in the tobacco chamber**, which additionally protects the wood and is also **suitable for the use of pipe screens**.

The **Oregon** expresses the tranquillity and naturalness of a summer day. The **natural brown colour** with a matching mouth-piece is the ideal complement to the **elaborate wooden ring**. This extraordinary application is created in **delicate handwork**, as is known from **inlay or jewellery work**. The two aluminium bands further enhance the ring and also protect the precious woods.

The six different bowl shapes in a **smooth finish and white dot quality** offer a harmonious combination of elegant craftsmanship and decorative freshness. Its **pleasant feel** makes the Oregon the ideal pipe for enjoying moments outdoors.

Our new **Eames** invites you to consciously take your time, for example for relaxing hours of reading or cosy evenings by the campfire.

The **elegant churchwarden pipe** comes with an **extra-long mouthpiece** for a particularly pleasant smoking experience and an **additional shorter mouthpiece**, which transforms the pipe into a classic version if required. Both mouthpieces are embellished by a **newly designed aluminium ring**, with a polished version to further enhance the model.

Available in **three colour variants and designs** – smooth or sandblasted with a black mouthpiece and, as a **visual highlight, a white dot variant** in smooth – with a **bicolour mouthpiece in gold and black** – which perfectly matches the colour scheme of the pipe.

Inspired by the wild beauty of nature, the **Hippo series** unites robust design and striking aesthetics. The **black, sandblasted surface** and the striking **zebra-pattern ring** make this pipe a real eye-catcher.

The **black mouthpiece** and the six different bowl shapes underline its versatility. This pipe is the perfect choice for connoisseurs who want to combine the rough charm of nature with a touch of elegance.

# Sienna

The **Sienna** series is a tribute to the beauty of the mountains and combines robustness with delicate craftsmanship. Made from **larch wood** with a **briar wood insert**, it has a sandblasted surface in a sophisticated dark brown.

The **oval turned brass ring** and the **yellow mottled mouthpiece** lend it a particularly decorative sophistication. Available as a **white dot pipe** in a sandblasted version and with three different bowl shapes.

A pipe for adventurers who want to enjoy smoking in style.
